Date: _____

Athlete Name: _____

Dear Parent of sixth period athlete:

Your son/daughter is currently enrolled in a 6th period class. The coach cannot start practice until after school. By signing this letter you are giving permission for your son/daughter to be dismissed from school after 5th period (after lunch on Thursdays) for the duration of the sports season. In order to receive credit for the class, the athlete must attend and participate each day at his/her practice and game. In essence, the practice or game attendance will allow your son/daughter to receive credit for the sport they are participating in. Once the season ends the athlete will then report to off-season sports 6th period for the duration of the year.

When the student is dismissed, he or she should leave school and be home studying until practice or game time. The student understands that he/she is not to loiter around campus sixth period.

Sincerely,

Head Coach

Mark K. Cunningham

Athletic Director

Kevin McCaffrey

Athletic Director

I have read and understand the above.
