

COMBO

SAT/ACT Practice Test

Colleges weigh results from the ACT and SAT equally. Although the SAT is more popular, many students don't realize they may get better scores on the ACT depending on their academic strengths. The only way to know is to try both!

Take one practice exam to determine if the SAT or ACT is the better test for you. You will receive two separate scores that will help you compare the results. Proceeds benefit the Counseling Department.

Saturday, April 21st, 2018

7:30am check-in
